

SKS Math Olympiad Club

Join us for a Math Olympiad (MOEMS) program at SKS for 4th, 5th and 6th graders. MOEMS (moems.org) is a worldwide math competition program, with over 120,000 students from every state and 39 countries participating. The objectives of MOEMS are to teach multiple strategies for out-of-the-box problem solving, develop mathematical flexibility in solving those problems, and foster mathematical creativity and ingenuity through challenging competitions.

When: Two Fridays a month after school, 3:00-4:00

2022 Dates: Oct 28 (Practice), Nov 11 (Practice), Nov 18 (Contest 1), Dec 2 (Practice), Dec 16 (Contest 2)

2023 Dates TBD

Where: SKS – School Library

Who: 4th, 5th and 6th Graders with aptitude and/or interest in math

Duration: October – March

Additional Details:

- Students participate in five contests, November through March, taken at SKS.
- Each contest consists of five problems in 30 minutes. Students complete the contests alone; top ten student scores count towards SKS team score.
- Expectation is that one club meeting per month would be to practice review problems together (small group break-outs, and full club review), and the other meeting would be to take the contest. All contests must be taken in person at the same time.

To register or if you have any questions, contact Pete Lively (SKS parent) at petelively@gmail.com or 267-349-3544.
